We can only book parties at the Barge from May-October.

Parties are rain or shine, barring extreme winds or thundershowers.

Balloons are not allowed at the Science Barge, but you may bring other decorations.

We provide garbage bags but ask that you kindly take all waste with you. We have no municipal garbage pickup at the Barge.

During normal operation we are a zero-waste site, and therefore highly encourage the use of compostable and recyclable party products. We can provide some retailer names and websites upon request.

We request that you provide two adult chaperones on board.

Not looking for a child’s birthday? We offer evening rentals of the Science Barge for private parties. Please email Bob Walters at bob@groundworkhv.org for details.

Does your child love Science? Try the Science Barge! An “Edutainment” Experience On the Hudson River!

The Science Barge is a prototype for an Urban Sustainable Farm on the Hudson River in Downtown Yonkers.

For booking, please contact Groundwork Hudson Valley at

Tel: 914-375-2151
Email: sciencebarge@groundworkhv.org
