THE COMMUNITY FUND

BRONXVILLE • EASTCHESTER • TUCKAHOE

Covid-19 Emergency Fund

Dear Friends and Neighbors,

We hope this message finds you and your family safe and healthy. We come to you with some exciting news about how your past donations are impacting our community through our newly formed Covid-19 Emergency Fund.

We have just completed the first round of grants and will be distributing \$110,000 to local organizations that serve Bronxville, Eastchester, Tuckahoe, Mt. Vernon, and Yonkers. All of these organizations are addressing the Covid-19 crisis that is raging in our own backyard.

In this time of crisis, parents have been unable to provide food for their children, diapers have been reused because of scarcity and cost, homeless shelters and group homes are working tirelessly to secure personal protective equipment for their residents and staff, jobs are being lost and families will be facing evictions to name just a few of the many desperate needs in our local area.

We are proud to announce funding for the following organizations:

- **Groundwork Hudson Valley** – funding to re-purpose their educational Science Barge on the Yonkers waterfront to grow 2 to 3 acres of hard-to-find organic produce for local homeless women and a food pantry
- **Aisling Irish Community Center** – funding to support meals, groceries, and mental health services for their neediest members
- **Westhab** – funding to the largest provider of housing and supportive services for low income families and the homeless in Westchester County for PPE (personal protective equipment) for the housing programs and shelters they run in Mount Vernon and Yonkers
- **Women’s Enterprise Development Council** – funding for technology to support Spanish speaking women and minority small business owners transitioning to serving clients online
- **Andrus** – funding to support the newly inaugurated Andrus Family Fund, which provides emergency aid to children and their families in times of crisis through carefully vetted disbursements
- **Bundles of Joy** – funding for diapers, formula, wipes, and toiletries for low-income/homeless families of children birth to age five through food pantries, social service agencies, homeless shelters, and hospitals
- **Legal Services of the Hudson Valley** – funding for a technology upgrade to support remote working for their attorneys/paralegals who provide free legal services (e.g., domestic violence, eviction/foreclosure, unemployment issues) to the neediest in our community
- **Westchester Jewish Community Services** – funding to one of the largest mental health and human services agencies in Westchester for PPE (personal protective equipment) for five of their group homes for adults with intellectual and developmental disabilities

Your generosity through the years has made all of the above possible at a time when the need is most critical. If you are inclined to contribute more, 100% of your donation will continue to support the people in our communities who need it most.

We are honored to be on this journey together and so appreciative of your support.

Amy Korb, Executive Director and Kiri Wolfe, President
The Community Fund of Bronxville, Eastchester, and Tuckahoe
